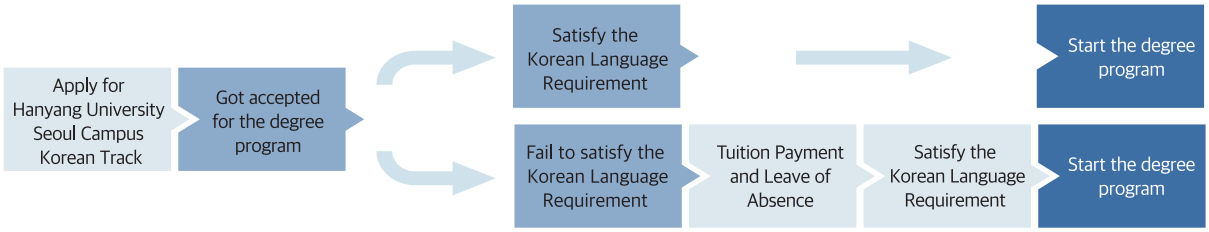
# 07 Korean Language Proficiency Standards

Hanyang University prioritizes the assessment of applicants' academic abilities. Therefore, the results of the acceptance are determined based on academic abilities, regardless of meeting the Korean language requirements. The Korean language requirement of Hanyang university is only for the start of the degree program for applicants for Korean track majors. The accepted applicants who do not meet the Korean language requirement in their admission, must take a leave of absence and study Korean until they meet the requirement. Once the Korean language requirement is met after the leave of absence, they can apply for re-enrollment and start their degree program. (The maximum period of leave of absence follows the university's leave of absence regulations.)



### ■ Korean Proficiency Standards for Undergraduate Admission - Need to satisfy one of the Korean language standards below

| Korean Standards |
|---|
| 1. TOPIK / TOPIK IBT level 4 or higher 2. Hanyang IIE Academic transcript of level 4 or higher |

**<Applicants who are exempted from satisfying Korean language standards>**

• English Track applicants ※ Korean Government Scholarship Program (KGSP) students follow the Korean Standards enacted by NIIED.

# 08 Undergraduate Dual Application

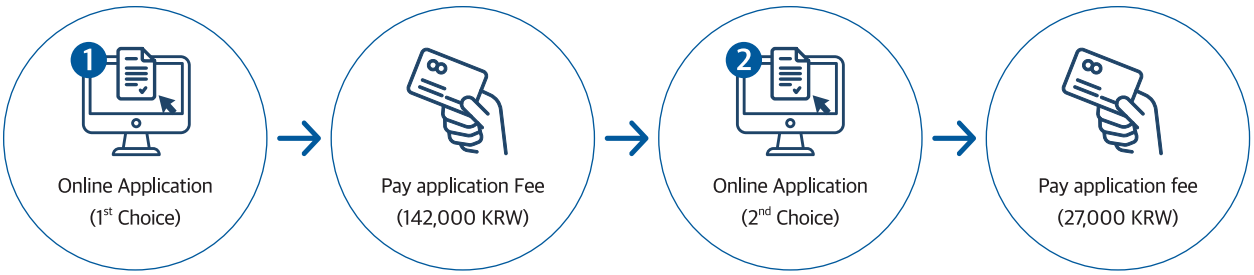
Admissions for the Seoul and ERICA campuses are managed separately, and dual applications for the 1st and 2nd choices are available for the Seoul Campus. If you apply to both the Seoul and ERICA campuses and are accepted, you can only register for one of them.

## A. Dual Application Criteria

Seoul Campus applicants may make a single or dual application.
Business Administration(Korean Track, English Track) and Media Communication major are only allowed to be applied as the 1st Choice.
(ex. 1st Choice Business Administration, 2nd Choice Sociology : O | 1st Choice Sociology, 2nd Choice Business Administration : X)

| Application Type | Seoul Campus | | |
|---|---|---|---|
| | Category | Application Fee | Total |
| Single Application | 1st Choice | 142,000 KRW | 142,000 KRW |
| Dual Application | 1st Choice | 142,000 KRW | 169,000 KRW |
| | 2nd Choice | 27,000 KRW | |

## B. Dual Application Process



※ Applicants who wish to make a dual application must apply online twice. If applicants do not complete the payment of the 1st choice application fee, they will not be able to create a new application for the 2nd choice.

Dual applicants must prepare the documents required by the departments to which they apply. However, only one copy is needed for educational and nationality-related documents.

E.g 1 When applying for a major that requries document evaluation in the 1st choice and artwork screening in the 2nd choice, artwork for the 2nd choice major must be submitted.

E.g 2 If artwork is required for both the 1st and 2nd choices of majors, artwork must be submitted separately for each.

## C. Dual Application Selection process

Applicants will first go through document evaluation and artwork screening for their 1st choice. **Those who did not pass admission for their 1st choice will automatically be considered for admission to their 2nd choice**.

## D. Check the Results and Register

The results can be viewed on the OIA website by entering the applicant's application number and date of birth. Dual applicants should check the results for each application by entering the application numbers accordingly. **If applicants are accepted for their 1st choice, their 2nd choice application will be automatically rejected, and they must register for their 1st choice**.
