2. Eligibility Assessment Criteria

A. Academic Requirements for Applicants for the Unrestricted Non-Quota who Completed All years of Schooling

Category	Academic Requirements	Remarks
Commonality	• The academic period for elementary, middle, and high school is based on Korea's school system. - The 1st to 6th grades of a foreign school are deemed an elementary school program in Korea. - The 7th to 9th grades of a foreign school are deemed a middle school program. - The 10th to 12th grades of a foreign school are deemed a high school program.	For applicants who have completed 12 or more years of the elementary, middle, and high school programs in more than two foreign countries, if their total enrollment period is less than one semester (six months) short due to transfers between schools, the one semester concerned is exceptionally accepted as part of the total enrollment period.

Category	Academic Requirements	Remarks
For an applicant who has completed programs in several countries with 12 year school system (except Korea) and 10-11 year school system	• Qualified only for the applicants who have completed all 12 years of schooling overseas, despite the difference of school programs. Example) If an applicant completed schooling both in a country with 11 year school system(or 10 year system) and in a country with 12 year school system, he or she cannot be qualified with the level of education completing only 10 years or 11 years. Only in case he or she has completed lacking years(a year or two years) in the university of the concerned country(the one with 10 year school system or 11 year school system), he or she is qualified.	In the category of "a country with the 10 year or 11 year school system", only applicants who have completed last three years of elementary and middle schooling in the country are regarded as they have completed high schooling.
For an applicant who has completed programs in a country with different school system other than 12 year school system (except Korea)	•Applicants should have completed all years of elementary, middle, and high school overseas in one country (Under same school system)	In case of an applicant who has completed schooling in countries which do not have 12 year school system, the applicant who has completed the final year of the longer school system of relevant countries is qualified.

※Additional Criteria for Eligible Foreign Schools and Enrollment Years

- Schools should be accredited according to applicable laws of a country concerned. Preschools or kindergartens, language institutions, and foreign schools located in Korea are not qualified as foreign schools.
- Where applicants have completed two semesters without any class absence, their enrollment period is deemed to be one year. (In a country using the three semester system or the quarter system, the enrollment period of applicants who have completed three semesters or four quarters, respectively, is deemed to be one year.)
- A semester when applicants obtained pre-set credits or points is only acknowledged as an enrollment period.

B. Criteria for Nationality

Category	Qualification Requirements	Notes

- Applicants should submit original copies of all documents (excluding passport). If an applicant can only submit a duplicate copy for unavoidable reasons, the copy should be authorized by the originating institution.
- If documents indicate different names of the applicant for specific reasons including change of names, a certificate verifying that the applicant is the same person (e.g., an abridged transcript of resident registration) should also be submitted.
- If required documents do not arrive by the deadline after the application form has been submitted, the applicant shall be disqualified.
- If necessary, additional documents may be requested.

< Apostille Certificate Submission Guide >

*** What is an Apostille certificate ?**

- In order for a document to be recognized by a foreign country, it should undergo **legalization for foreign public documents to be used in the foreign country**. In general, such a document is authenticated by means of 'consular legalization' at diplomatic missions in the foreign country where the document is to be used.
- The Apostille certificate is issued by **an authority of the country concerned after validating the authenticity of the document by comparing the official seals or signatures of the document**. A document bearing the Apostille certificate is deemed effective as an official document in any signatory country without the consular legalization.

A. Documents subject to the Apostille certificate requirement

- 1) Documents issued by government agencies (including local governments, national and public educational institutions): **e.g. transcripts and certificates of graduation issued by a national/public school**
- 2) Notarized documents prepared by a person in the capacity of a notary public in accordance with the Notary Public Act or the Attorney-at-Law Act: **e.g. transcripts and certificates of graduation issued by a private school**
 - ※ For a document not written in Korean or English, the original and its translation should be attached with the Apostille certificate or legalized by a consular officer responsible for notarization.

B. Applicants from a signatory country

- Apostille certificates are issued by an institution designated as an authority by the government of the country concerned (e.g. the Ministry of Foreign Affairs and Trade for Korea)
- Apostille certificates for the required documents above need to be issued and submitted when submitting the application form and documents. (Applicants are advised to verify the lead time for the issuance of the Apostille certificate.)
- Important Matters
 - Applicants from a private school need to have their documents notarized first and then have the Apostille certificates issued.
 - If the Apostille certificate cannot be issued, either a confirmation for a foreign educational institute or a certificate of the consular legalization process issued by the Korean consulate of the country concerned may be submitted in lieu thereof.

C. Applicants from a non-signatory country

- Apostille certificates are issued by the Korean consulate of the country concerned.
- A confirmation for a foreign educational institute or a certificate of the consular legalization process issued by the Korean consulate of the country concerned should be submitted.

D. Signatories to the Apostille Convention: Visit the Ministry of Foreign Affairs and Trade webpage (Call the Consulate Services Section)

B. Submission Process and Deadline

1) Submission Process

- Submit documents by the deadline of the submission period for required documents for each department (major) by registered mail
- Documents submitted by registered mail must be postmarked no later than the deadline. Any submission by other delivery means such as courier service is not accepted.
- ※ The envelope should indicate "additional documents for application for admission" on its cover, and it should be mailed with a return receipt requested.

2) Submission Deadline: See the application timeline for each school (department)

3) Please note that no submitted documents including portfolios will be returned to the applicant.

Documents should be addressed to:
<02789>, Hwarangno 32-gil, 146-37 Seongbuk-gu, Seoul
Admissions Division, Korea National University of Arts
Special Admissions for Ethnic Koreans abroad and Foreigners
(Telephone: 02-746-9872/ FAX: 02-746-9049)

3. Eligibility Assessment

- A. Determine eligibility of applicants by assessing their qualification for application
 - ※ This process is not the document screening but only assesses whether the applicant is eligible to apply for the special admissions for ethnic Koreans abroad and foreigners.
- B. Only those who pass the eligibility assessment process will be provided with an application number for subsequent admission stages.
- C. Date of the notification of eligibility assessment result: See the admissions timeline for each school (department)
- D. Those who fail the eligibility assessment process may get full refund(excluding submission fee) of application fee and can apply for the subsequent admission cycle of the University.

4. Notification of Final Acceptance

- A. Date of Notification: See the admissions timeline for each school (department)
- B. How to Receive Notification
 - Visit the University website (<http://www.karts.ac.kr>) ⇒ [Admission Information] ⇒ Individually check at [Applicant Service]
- C. The accepted students can print the notification of acceptance and the guidelines from University Admissions webpage after the final acceptance notification.
 - ※ Applicants are responsible for verifying acceptance to the University as accepted students are not publicly listed or individually notified.

5. Important Matters for Applicants

A. Duplicate Application

- 1) **Those who passed the eligibility assessment for the non-quota special admissions must not concurrently apply for the regular admissions for the same admission unit.**
- 2) Those who applied or finally accepted to other universities (undergraduate or graduate programs) can apply to the University.
- 3) An applicant cannot apply for two or more Bachelor degree programs of the University, if their admission periods are overlapped.
- 4) An applicant can apply for the bachelor's degree program and the master's degree program simultaneously, even though their admission periods are overlapped. However, the applicants should take possible disadvantages such as overlapped admission schedules, no-refund of application fee, and so on. When an applicant is admitted to both programs, the applicant must choose and enroll in either one of them.

B. Prohibition of Dual Enrollment

- 0 Once enrolled in the University, students are not allowed to enroll in other universities according to Article 65 of the School Regulations of the University.

C. General Matters

- 1) **Individuals may apply for the University irrespective of whether they have applied for the College Scholastic Ability Test (aka Suneung).**
- 2) Individuals will be immediately disqualified if they are found ineligible for application for the admission type of their choice after submitting the application form. (If ineligibility for application is discovered later, the individual's enrollment or admission will be immediately revoked.)
- 3) Where an applicant is found to have made any misrepresentation, alteration to the submitted documents, or has perpetrated any other kind of fraud, the University will reject or revoke the applicant's admission or enrollment. (If such fraudulence is discovered while in school, the individual in question will be expelled. Those who have committed such fraud are not allowed to reapply for admission to the University for the current academic year when the test is administered and within the following 5 academic years.)
- 4) As no preliminary meetings for examinees are conducted, examinees are required to visit the University website from time to time to verify important matters for examinees, examination schedules, and other information.
- 5) Applicants who fail to take any examination subjects will fail regardless of their test scores in other subjects. Exclusion from the document screening due to failure to submit the required additional documents by the deadline is also deemed to constitute the applicant's missing a test.)
- 6) If school violence disciplinary measures are recorded in the Student Cumulative Record, etc., differential deductions will be applied to the total score based on the severity level of the measure.
<Please refer to the following page for relevant details>
- 7) All contents recorded in the Student Cumulative Record may be utilized as evaluation data for freshman selection, including applicant selection and admission authorization.

D. Others

- 1) **No submitted documents including transcripts, certificates of graduation, and portfolios are returned to examinees**
<When applicant submit his or her art works such as portfolio, submit copies of them, except for the case with an extra request>
- 2) Test results are not disclosed.
- 3) If the finally admitted individuals fail to meet the enrollment requirements by the end of February, 2026 (e.g. failure to graduate from high school or dropout) or to register during the freshman enrollment period, their admission will be revoked (If such fact is uncovered later, the enrollment is revoked).
※ In the case of a country (e.g. Japan) where the academic year and semester commence one month later than in Korea, the applicant's actual enrollment period at a foreign school is recognized within the scope of the remaining expected enrollment period.
- 4) **There is no transfer program.**
- 5) There is no deposit-refund system.
- 6) Any other matters not set forth in this Guide are subject to the rules of admissions provided separately by the University.

※ Deductions Based on Recorded School Violence Measures

1) Point Deduction for School Violence Records

If any measures related to school violence are recorded in the applicant's High School School Records (Student Record), differential points will be deducted from the total score (100 points) based on the specific disciplinary stage. (This applies separately to both the 1st and 2nd stage exams.)

Classification of Disciplinary Measures	Disciplinary Measures	Deduction Details
Stage 1	Written Apology to the Victimized Student	10-Point Deduction
Stage 2	Prohibition of Contact, Intimidation, and Retaliation	40-Point Deduction
Stage 3	In-School Community Service	
Stage 4	Social (External) Community Service	60-Point Deduction
Stage 5	Special Education or Psychological Treatment	
Stage 6	Suspension from School	80-Point Deduction
Stage 7	Class Transfer	
Stage 8	Forced Transfer (to another school)	Score of 0 (Disqualification)
Stage 9	Expulsion	

2) Cumulative Deduction for Multiple Measures

In cases where an applicant has multiple records of school violence disciplinary measures, the deduction points for each measure will be summed up and applied to the total score.

[Example] If an applicant has both a Stage 1 measure and a Stage 3 measure, a total of 50 points (10 points + 40 points) will be deducted from the total score.

3) Application of Points Based on Timing of Record Entries

The school violence records documented as of the application deadline will be prioritized for initial assessment. However, if any additional measures are recorded between the deadline and the day before enrollment (the last day of February), further point deductions will be applied based on the timing of the entry (including retroactive application).

–If any of the aforementioned school violence disciplinary measures are additionally recorded after the deadline of their respective application period, the applicant must notify the Admissions Office <E-mail: apply@karts.ac.kr, Tel: 02-746-9872>; if it is discovered that the applicant failed to fulfill this notification obligation, measures such as retroactive cancellation of admission or denial of entry may be taken even after enrollment (including while attending the university).

※ Validity of Records Regardless of Deletion (Retention Period)

Regardless of whether school violence records are deleted from the High School School Records—either upon graduation (Stages 1–3) or after the mandatory retention period of 2 to 4 years (Stages 4–8)—all such records are considered valid and existing until the day before admission (the last day of February).

(Example: Even if records for Stages 1–3 are deleted upon graduation, such records shall be deemed to persist and remain effective until the last day of February.)

4) Application to GED Applicants and Students with Partial Overseas Schooling

For GED(General Equivalency Diploma) applicants or those who have partially completed schooling at overseas institutions, point deductions will be applied according to the aforementioned criteria if any school violence measures are recorded in their High School School Records.

(Additional documents may be requested to verify cases where there is no record of enrollment in a high school program.)

5) Measures Against Fraudulent Acts Regarding School Violence Records

If any fraudulent acts are discovered—such as submitting falsified documents (including intentional misreporting or alteration) or arbitrarily withholding documents to conceal school violence measures—the university may cancel the applicant's admission or disqualify them. Furthermore, the applicant may be restricted from applying to this university in the future.

※ Selection Process

- 1) Select applicants in descending rank order on the basis of their aggregate scores at each stage for each admission unit.
- 2) There is no set limit on the admissions quota who may be accepted. However, applicants whose grades indicate that they are unlikely to achieve adequate performance at the University may not be selected.
- 3) For each subject, test scores will be rounded off to the second decimal place.
- 4) Only the applicants who pass the first screening can apply for the second screening <No extra submission for the second screening>.

< Apostille Certificate Submission Guide >

* What is an Apostille certificate ?

- In order for a document to be recognized by a foreign country, it should undergo **legalization for foreign public documents to be used in the foreign country**. In general, such a document is authenticated by means of 'consular legalization' at diplomatic offices in the foreign country where the document is to be used.
- The Apostille certificate is issued by **an authority of the country concerned after validating the authenticity of the document by comparing the official seals or signatures of the document**. A document bearing the Apostille certificate is deemed acceptable as an official document in any signatory country without the consular legalization.

A. Documents subject to the Apostille certificate requirement

- 1) Documents issued by government agencies (including local governments, national and public educational institutions): **e.g. transcripts and certificates of graduation issued by a national/public school**
- 2) Notarized documents prepared by a person in the capacity of a notary public in accordance with the Notary Public Act or the Attorney-at-Law Act:
 - **e.g. transcripts and certificates of graduation issued by a private school**
 - ※ For a document not written in Korean or English, the original and its translation should be attached with the Apostille certificate or legalized by a consular officer responsible for notarization.

B. Applicants from a signatory country

- 1) Issuing agency : Apostille certificates are issued by an institution designated as an authority by the government of the country concerned
- 2) How to submit : Apostille certificates for the required documents above need to be issued and submitted when submitting the application form and documents.
(Applicants are advised to verify the lead time for the issuance of the Apostille certificate)
- 3) Important Matters
 - **Applicants from a private school need to first have their documents notarized and then have the Apostille certificates issued.**
 - If the Apostille certificate cannot be issued, either a confirmation for a foreign educational institute or a certificate of the consular legalization process issued by the Korean consulate of the country concerned may be submitted in lieu thereof.

C. Applicants from a non-signatory country

- 1) Issuing agency : Apostille certificates are issued by the Korean consulate of the country concerned.
- 2) How to submit : A confirmation for a foreign educational institute or a certificate of the consular legalization process issued by the Korean consulate of the country concerned should be submitted.

D. Signatories to the Apostille Convention: Visit the Ministry of Foreign Affairs webpage

B. Submission Process and Deadline

1) Submission Process and Deadline : Submit documents by the deadline of the submission period for required documents for each department (major)

C. Date of the notification of eligibility assessment result: See the admissions timeline for each school (department)

D. Those individuals who fail the eligibility assessment process may have the application fee fully refunded and apply during the subsequent admission cycle of the University.

※ Applicants are responsible for verifying acceptance to the University as accepted students are not publicly listed or individually notified.

5. Important Matters for Applicants

A. Duplicate Application

- 1) **Those who passed the eligibility assessment for the non-quota special admissions must not concurrently apply for the general admissions for the same admission unit.**

When an applicant is admitted to both programs, the applicant must choose and register for either one of them.

B. Prohibition of Dual Enrollment

- 0) Once registered with the University, students are not allowed to enroll at another school according to Article 65 of the School Regulations of the University.

C. General Matters
