- According to College of Education Regulations for Student Enrollment, the acceptance rate of international students cannot exceed 10% of the total admissions quota, nor are transfer applicants eligible to apply (only freshmen can). Therefore, if you apply to the College of Education as your first-choice major, you must also select a second-choice major from a college other than the College of Education. (You cannot apply for the College of Education as both your first and second choice.)
- When applying for transfer admission, you may not select majors within the same department (if the department offers two or more majors) as both your first and second choices. Please make sure to choose your second-choice major from a different department.
