※ Departments not listed above will not be recruited.

※ Graduation from the Department of Korean Language Education does not make one eligible to obtain the Korean Language Teacher Certificate.

※ **Medicine :** Only for students with Bachelor's degree in Medicine

※ Combined Master and Doctoral Course : This is a course in which the master's and doctoral programs are integrated. After completing the doctoral program without submitting a master's thesis, a doctoral degree is awarded without a master's degree (a total of 4 years of study). However, in case of dropping out of the course midway, those who meet the requirements for obtaining a master's degree can obtain a master's degree by submitting a master's thesis.

2. Joint Research Institute Graduate Program

- It is a course of conducting joint research with a domestic research institute or industry, and prior consultation with the academic advisor and research institutes is required.

Improvement of recognition standards for international students' academic background requirements (Ministry of Justice notification)

(D-2, D-4-1.7) As there are many cases in countries where it is difficult to submit documents proving academic qualifications, such as a graduation certificate, when applying, the standards for proving academic qualifications have been improved by taking into account the current situation of each country.
China follows current 『Guidelines for Visa Issuance and Residence Management for Foreign Students』

Expansion of the scope of recognition of high school graduation certificates ▶ Countries that require a national exam for university admission recognize the test certificate as a document proving academic qualification requirements.
※ However, you must obtain an Apostille from the country issuing the document or consular confirmation from the Korean embassy in the country where you reside.

『Documents proving academic requirements equivalent to high school graduation by country』

(India) Migration Certificate (issued by central and local educational evaluations such as CBSE, ICSE, IB)
(Nepal) Academic Transcript
- Issuer ① Before 2016 (2073 in Nepalese calendar): HSEB (Higher Secondary Education Board)
② After 2016 (Nepal calendar year 2073): NEB (National Examination Board)

(Myanmar) Matriculation Examination Pass Certificate
※ All 6 subjects must score 40 points or higher.
(Malaysia) Academic performance evaluation transcript (SPM: Sijil Pelajaran Malaysia or STPM: Sijil Tinggi Persekolahan Malaysia)
※ In case of SPM certificate, submit it together with the School Leaving Certificate.
(Other countries) If tests or qualifications equivalent to the qualifications for university admission are stipulated by national law or official document, it can be recognized as a document proving the academic background requirements.
※ However, the applicant must explain the qualification criteria according to the laws or official documents of the relevant country.

Exceptional recognition for certificate of expected graduation

(Eligible countries) Countries where official graduation certificates are typically issued several months after graduation

* Vietnam, Myanmar, Nepal, India, Malaysia, Sri Lanka, Cambodia, Israel, and other countries where the delayed issuance of high school, university, or graduate school graduation certificates can be verified through official government documents

(Eligible Applicants) Applicants whose graduation date is within one year from the date of issuance of the Certificate of Admission
(Accepted Documents) Certificate of expected graduation or temporary graduation certificate, etc.
* Various names such as Provisional Certificate or Temporary Certificate are recognized, but must receive Apostille from the issuing country or consular confirmation from the Korean embassy in the country where the document is issued.
